The “event date” is on or after the first day that the GMC pastor’s appointment to a GMC church is effective. For example, if an appointment is made on July 1st, the event date is July 1st. If an appointment date is July 15th, the event date is August 1st.

The “hire date” is the date that the appointment is made effective.

If you are able, please keep the sheet in .pdf format. That will save us and Wespath a lot of time.
