¹This plan does not constitute "creditable coverage" for Massachusetts residents.

²Plan deductible must be met before co-insurance applies. The maximum out-of-pocket limit includes the deductible and co-insurance for eligible, in-network services

³Members are required to pay the full consultation fee until they have met their deductible/co-insurance requirements

⁴If the cost of the prescription is less than the co-pay, the member pays the full cost of the prescription.

⁵Retail available as 30-day supply, mail order/preferred retail pharmacy (Walgreens® or CVS) as 90-day supply and specialty as 30-day supply through mail order.

⁶Thirty-day supply of maintenance medications filled at retail will incur a \$10 penalty after the second retail fill. The \$10 penalty does not accumulate toward the deductible or the maximum out-of-pocket limit. This penalty does not apply to Affordable Care Act (ACA) preventive medications.

⁷If a non-generic drug is purchased when a generic is available, the member must pay a penalty of the difference in drug cost of the non-generic drug over its generic equivalent. This penalty does not accumulate toward the deductible or the maximum out-of-pocket limit.

⁸A 90-day supply of maintenance drugs can be filled either by preferred retail pharmacy (Walgreens or CVS) or by mail order.

⁹Co-pays for certain specialty medications will be set to the maximum available manufacturer co-pay assistance. These co-pays will be paid by the manufacturer after the participant applies for co-pay assistance and will not apply toward maximum out-of-pocket (MOOP). Choosing not to enroll in co-pay assistance will result in a 30% co-insurance on applicable specialty medications.

¹⁰Select products used to treat diabetes, including participating insulin, may be available for a \$75 co-pay for a 90-day supply.

Additional Plan Information

The participant pays the Co-payment or drug cost, whichever is less.

Maintenance drugs filled at retail, other than the member selected retail pharmacy (CVS or Walgreens), will incur a \$10 penalty after the second retail fill. The \$10 penalty does not accumulate toward the deductible or the maximum out-of-pocket limit. This penalty does not apply to ACA preventive medications.

If a non-generic drug is purchased when a generic drug is available, the participant must pay a penalty of the difference in drug cost of the non-generic drug over its generic equivalent. This penalty does not accumulate toward the deductible or the maximum out-of-pocket limit.

A 90-day supply of maintenance drugs can be filled either by member selected retail pharmacy (Walgreens or CVS) or by mail order. Prices may vary.

Medical claims incurred outside the United States where no network exists will be considered In-Network.

The deductible is met by both medical and prescription expenses.

Copays for certain specialty medications will be set to the maximum available manufacturer Copay assistance. This copay adjustment will only apply after deductible satisfaction if this is a qualified high deductible plan. These Co-pays will be paid by the manufacturer after the participant applies for Co-pay assistance and will not apply toward MOOP.

Insulin copay applies to select insulin products whose manufacturers have chosen to participate in the Patient Assurance Program.

Glossary of Terms

Co-insurance – The percentage of eligible claims you pay after you meet your deductible.

Co-insurance and deductible out of pocket limit (out-of-network) – The most you will have to pay in a year in out-of-network deductibles and co-insurance for covered benefits.

Co-pay – The fixed, up-front dollar amount you pay for certain covered expenses. Co-pay amounts apply after your in-network or out-of-network deductible and do not apply to your out-of-network coinsurance maximum.

Deductible (family) – This is the amount a family is required to pay before benefits begin for services not covered by co-pays. Once this amount is met, the plan will consider all family members to have met their deductibles. One individual cannot contribute more than the individual deductible amount. This is an embedded deductible.

Deductible (individual) – This is the amount an individual is required to pay before benefits begin for services not covered by co-pays. Once this amount is met, the plan will begin paying claims for that individual at the co-insurance level.

Emergency care – Medical services from the Emergency department of a hospital to evaluate a medical condition that, in the absence of immediate medical attention, would place the health of the individual in serious jeopardy, cause serious impairment to bodily functions or cause serious and permanent dysfunction to any bodily organ or part.

Generic – A bioequivalent to the brand-name drug made available to the public after the patent has expired on the brand-name drug. The generic version usually results in a less expensive drug. **In-network** – Health care services received from a provider in a network.

Mail order – Mail order is a service that allows you to refill recurring prescriptions (90-day supply) through an online pharmacy. You receive your prescriptions by mail.

Maximum out-of-pocket (medical and prescription) – The maximum out-of-pocket limit includes the deductible and co-insurance for eligible, in-network services. After the individual or family amount has been satisfied, the health plan covers all eligible, in-network health care expenses for the rest of the plan year. For family coverage, one individual cannot be responsible for more than the current IRS limit.

Network provider – A doctor, hospital or other health care facility that has entered into a contract to provide medical services or supplies at agreed-upon rates to you or your covered dependents under the plan.

Non-preferred drugs – A list of prescribed medications that are not on the plan's formulary.

Preferred drugs – Also known as formulary drugs, this is a list of commonly prescribed, brand-name medications that are selected based on their clinical effectiveness and opportunities to help control plan costs.

Retail pharmacy benefits – This refers to filling your prescriptions at a participating network pharmacy. This approach is best for short-term prescriptions (up to 30-day). You could save money by filling recurring prescriptions via mail order (see above).

Specialist – Any physician not considered a primary care physician.

Specialty drug – Specific prescriptions used to treat complex, chronic or special health conditions.

Telemedicine — The use of telephone and/or live video technology in order to provide medical care.

Urgent care — Treatment at an urgent care facility for the onset of symptoms that require prompt medical attention.

Vision exam — Covers one annual eye exam per covered family member, which may include an eye health examination, dilation and/or refraction. Coverage does not include glasses or contact lenses (unless there has been a cataract extraction), eye surgery or retinal telescreening. See the Preventive Care Schedule for additional vision screening coverage for children when performed by a pediatrician or primary care physician as part of an annual well-child visit.

Wellness and preventive care — Refers to the services listed on the Preventive Care Schedule, which are covered at 100%, not subject to the deductible. The Preventive Care Schedule is based on services required under the Affordable Care Act of 2010 (ACA), as amended.

This information only highlights the depth of coverage and benefits you can receive when you protect yourself with GuideStone. There are limitations and exclusions that apply. This is a general overview of plans that are offered. The official plan documents and insurance contracts set forth the eligibility rules, limitations, exclusions and benefits. These alone govern and control the actual operation of the plan.

Note: A corresponding Summary of Benefits and Coverage was created to help consumers more easily understand their insurance benefits and compare plans. Insulin copay applies to select insulin products whose manufacturers have chosen to participate in the Patient Assurance Program.

Glossary of Terms

Co-insurance – The percentage of eligible claims you pay after you meet your deductible.

Co-insurance and deductible out of pocket limit (out-of-network) – The most you will have to pay in a year in out-of-network deductibles and co-insurance for covered benefits.

Co-pay – The fixed, up-front dollar amount you pay for certain covered expenses. Co-pay amounts apply after your in-network or out-of-network deductible and do not apply to your out-of-network coinsurance maximum.

Deductible for individual coverage – This applies only to an employee who has no dependents included on their coverage. The individual is responsible for paying for medical and prescription drug claim costs up to the plan's individual deductible amount before GuideStone® begins paying claims.

Deductible for family coverage – This applies to an employee who has dependents included on their coverage. The employee and dependents are responsible for paying for medical and prescription drug claim costs up to the plan's family deductible amount before GuideStone begins paying claims for anyone in the family. The family deductible may be met by one individual or by multiple family members' combined claims. This is known as a non-embedded deductible.

Emergency care – Medical services from the Emergency department of a hospital to evaluate a medical condition that, in the absence of immediate medical attention, would place the health of the individual in serious jeopardy, cause serious impairment to bodily functions or cause serious and permanent dysfunction to any bodily organ or part.

Generic – A bioequivalent to the brand-name drug made available to the public after the patent has expired on the brand-name drug. The generic version usually results in a less expensive drug. In-network – Health care services received from a provider in a network.

Mail order – Mail order is a service that allows you to refill recurring prescriptions (90-day supply) through an online pharmacy. You receive your prescriptions by mail.

Maximum out-of-pocket (medical and prescription) – The maximum out-of-pocket limit includes the deductible and co-insurance for eligible, in-network services. After the individual or family amount has been satisfied, the health plan covers all eligible, in-network health care expenses for the rest of the plan year. For family coverage, one individual cannot be responsible for more than the current IRS limit.

Network provider – A doctor, hospital or other health care facility that has entered into a contract to provide medical services or supplies at agreed-upon rates to you or your covered dependents under the plan.

Non-preferred drugs – A list of prescribed medications that are not on the plan's formulary.

Preferred drugs – Also known as formulary drugs, this is a list of commonly prescribed, brand-name medications that are selected based on their clinical effectiveness and opportunities to help control plan costs. Embedded V. Aggregate Deductibles:

Retail pharmacy benefits – This refers to filling your prescriptions at a participating network pharmacy. This approach is best for short-term prescriptions (up to 30-day). You could save money by filling recurring prescriptions via mail order (see above).

Specialist – Any physician not considered a primary care physician.

Specialty drug – Specific prescriptions used to treat complex, chronic or special health conditions.

Telemedicine — The use of telephone and/or live video technology in order to provide medical care.

Urgent care — Treatment at an urgent care facility for the onset of symptoms that require prompt medical attention.

Vision exam — Covers one annual eye exam per covered family member, which may include an eye health examination, dilation and/or refraction. Coverage does not include glasses or contact lenses (unless there has been a cataract extraction), eye surgery or retinal telescreening. See the Preventive Care Schedule for additional vision screening coverage for children when performed by a pediatrician or primary care physician as part of an annual well-child visit.

Wellness and preventive care — Refers to the services listed on the Preventive Care Schedule, which are covered at 100%, not subject to the deductible. The Preventive Care Schedule is based on services required under the Affordable Care Act of 2010 (ACA), as amended.

This information only highlights the depth of coverage and benefits you can receive when you protect yourself with GuideStone. There are limitations and exclusions that apply. This is a general overview of plans that are offered. The official plan documents and insurance contracts set forth the eligibility rules, limitations, exclusions and benefits. These alone govern and control the actual operation of the plan.

Additional Plan Information

This plan does not constitute “creditable coverage” for Massachusetts residents.

If a non-generic drug is purchased when a generic drug is available, the participant must pay a penalty of the difference in drug cost of the non-generic drug over its generic equivalent. This penalty does not accumulate toward the deductible or the maximum out-of-pocket limit.

A 90-day supply of maintenance drugs can be filled either by member selected retail pharmacy (Walgreens or CVS) or by mail order. Prices may vary.

Medical claims incurred outside the United States where no network exists will be considered In-Network.

The deductible is met by both medical and prescription expenses.

Copays for certain specialty medications will be set to the maximum available manufacturer Copay assistance. This copay adjustment will only apply after deductible satisfaction if this is a qualified high deductible plan. These Co-pays will be paid by the manufacturer after the participant applies for Co-pay assistance and will not apply toward MOOP.

Insulin copay applies to select insulin products whose manufacturers have chosen to participate in the Patient Assurance Program.

Deductible (family) – This is the amount a family is required to pay before benefits begin for services not covered by co-pays. Once this amount is met, the plan will consider all family members to have met their deductibles. One individual cannot contribute more than the individual deductible amount. This is an embedded deductible.

Deductible (individual) – This is the amount an individual is required to pay before benefits begin for services not covered by co-pays. Once this amount is met, the plan will begin paying claims for that individual at the co-insurance level.

Emergency care – Medical services from the Emergency department of a hospital to evaluate a medical condition that, in the absence of immediate medical attention, would place the health of the individual in serious jeopardy, cause serious impairment to bodily functions or cause serious and permanent dysfunction to any bodily organ or part.

LEARNING YOUR HEALTH PLAN'S VOCABULARY CAN SAVE YOU MONEY

Here are explanations (and proper spellings) for some of the most commonly misunderstood health coverage terms, where they fit into your overall coverage and how understanding them can enhance your experience with your plan.

These terms are commonly used when discussing health plan types:

Preferred Provider Organization (PPO) Plan

A type of health plan that contracts with medical providers — such as hospitals and doctors — to create a network of participating providers. You have less out-of-pocket costs if you use providers that belong to the plan's network; however, you can use doctors, hospitals, and providers outside of the network but higher out-of-network costs will be applicable.

Exclusive Provider Organization (EPO) Plan

A managed care plan where services are covered only if you go to doctors, specialists or hospitals in the plan's network (except in an emergency).

High Deductible Health Plan (HDHP)

A plan with a higher deductible than a traditional insurance plan because it is designed to be used with a health savings account (HSA) allowing you to pay for certain medical expenses with money free from federal taxes. While the monthly premium is usually lower for an HDHP, you will pay more health care costs yourself (your deductible) before the insurance company starts to pay its share. All of GuideStone's HDHPs are considered HSA-Qualified High Deductible Health Plans by the IRS and are designed to be combined with an HSA.

MEDICAL PLAN VOCABULARY

These are the terms you're most likely to see in relation to discussions about what is and isn't covered by your health plan.

- ▶ **BENEFIT:** This describes the portion of your claims costs that are covered by your health plan. Understanding your benefits can help you predict the portion of a claim your plan will pay.
- ▶ **CLAIMS:** These are your health care expenses that are filed with your insurer to request payment. In most cases, the claims are filed by your medical provider. Create an account on your health provider's website to monitor your claims as they move through the payment process and review the Explanation of Benefits (EOBs) provided by your plan.
- ▶ **CO-INSURANCE:** This term refers to the percentage of costs of a covered health care service for which you are responsible. For example, if your co-insurance is 20% and your providers submit a claim for \$10,000, your portion will be \$2,000 and your health plan will pay \$8,000. Co-insurance, deductibles and co-pays make up the total costs you pay toward a claim.
- ▶ **CO-PAY:** This fixed, out-of-pocket payment is made by the plan participant at the time a medical service is rendered. For example, there will be a co-pay for a doctor's office visit or a prescription refill. Co-pays, deductibles and co-insurance make up the total costs you pay toward a claim.
- ▶ **DEDUCTIBLE:** Generally speaking, a deductible is the predetermined amount of money a participant pays on claims before the plan starts to pay. There are two general categories of deductibles:
 - **EMBEDDED DEDUCTIBLE:** Each individual on your health plan has his or her own deductible. These embedded (individual) deductibles also accumulate toward an aggregate (family) deductible. For example, if your plan provides coverage for two adults and two children with embedded deductibles of \$2,000, each person will have his or her own individual \$2,000 deductible or reach the aggregate (family) deductible before benefits are paid at the co-insurance level.
 - **AGGREGATE DEDUCTIBLE:** An aggregate deductible is a set amount that either one individual or all family members can contribute toward. For example, if the aggregate deductible is \$2,000 per individual or \$6,000 per family, you will have to meet the \$2,000 deductible for individual-only coverage (no dependents on the plan). If you have dependents on the plan, the individual deductible goes away completely and you are responsible for contributing toward a family deductible.

PRESCRIPTION PLAN VOCABULARY

These terms help describe the prescription benefits included in your medical plan.

- ▶ **FORMULARY:** Also known as a preferred formulary, this is a list of prescription drugs covered by your health plan. Most formularies include generic prescription and brand-name drugs. Physicians use the formulary to determine which drugs are most effective at the best possible price. The formulary is a living document and will change as new drugs enter the market. You can find the formulary on your prescription provider's website. Working with your physician to choose prescriptions that are part of the formulary will lower your out-of-pocket costs.
- ▶ **TIERED PRICING:** Co-pays for prescription drug prices are differentiated by the levels, or tiers. Tier 1 is generally the lowest co-pay and is for generic drugs. Tier 2 is generally reserved for preferred brand-name drugs. Tier 3 is usually non-preferred or specialty drugs for which members will pay the largest co-pay. Request Tier 1 drugs from your physician to keep your costs low through the payment process.

PROVIDER VOCABULARY

There are a variety of medical providers from which you can receive care.

- ▶ **NETWORK:** Health care providers who agree to work with a health plan to provide services to those in the plan at discounted rates are considered to be a part of a network. Keep your costs low by choosing a provider within your health plan's network where you will receive the deepest discounts.
- ▶ **PRIMARY CARE PROVIDERS:** This type of doctor or medical practitioner provides preventive and routine care. These can be pediatricians, family practice physicians, obstetricians/gynecologists and internal medicine doctors. Developing a relationship with a primary care provider can help you stay healthy.
- ▶ **SPECIALIST:** A doctor or medical practitioner with advanced training in a specific subset of care is considered to be a specialist. You will usually see these physicians only for a short term. Work with your primary care provider to find a specialist who understands your condition and is in your health plan.

Learning your health plan's vocabulary can help you navigate your benefits and find the lowest-cost, best-quality care.

WHERE TO GO FOR CARE

HOW TO MAKE THE SMART CHOICE WHEN CHOOSING MEDICAL CARE

You need medical care, but where should you go? Your GuideStone® medical coverage provides five basic options. See which one is right for you.

	Telemedicine (Teladoc®)	Primary Care Physician	Urgent Care	Hospital-based ER	Freestanding ER*
Some Common Conditions	Cold and flu	Regular health screenings	Sprains and strains	Persistent chest pain	Sudden, severe headache
	Bronchitis	Regular health checkups	Sports injuries	Difficulty speaking, altered mental status	Fever in a newborn baby
	Allergies	Fever without a rash	Cuts that require stitches	Sudden or unexplained loss of consciousness	Severe pain
Why Visit	The convenient choice	The in-office choice	The urgent and after-hours choice	The emergency choice	The emergency choice
Cost	\$	\$\$	\$\$\$	\$\$\$\$\$	\$\$\$\$\$
Hours	24/7/365	Weekdays only (typically)	8 a.m.– 9 p.m. every day (typically)	24/7/365	24/7/365
Wait Time	15-minute call-back time	By appointment only	Varies depending on demand. Online check-in may be an option.	Could wait hours before seeing a doctor	Generally shorter wait times than a hospital-based emergency room

*Freestanding emergency rooms generally do not accept patients delivered via ambulance. Remember, if you are facing a life-threatening situation, always go to the hospital-based emergency room first. Freestanding emergency room treatment can cost thousands more than the same treatment at an urgent care clinic.

URGENT CARE OR FREESTANDING EMERGENCY ROOM? HOW TO KNOW THE DIFFERENCE

Distinguishing between an urgent care facility and a freestanding emergency room can be tricky. It's important to know where you are being treated, because freestanding emergency room treatment can cost thousands more than the same treatment at an urgent care clinic.

Look for the following clues to distinguish the difference. Freestanding emergency rooms:

- Include the word “emergency” in the facility name
- Are never attached to a hospital
- Are usually located in more affluent neighborhoods
- Offer more complex treatment options than urgent care
- Do not accept Medicare and Medicaid patients
- Charge much higher prices than urgent care facilities

BE PREPARED TO ACCESS THE RIGHT CARE

While we all hope never to need emergency, urgent or after-hours care, it is wise to be prepared by:

Registering with [Teladoc.com/GuideStone](https://www.teladoc.com/GuideStone) now so you can easily access care when you are ill. Our Teladoc services include General Medical, Dermatology and Mental Health.

Hello SmartShopper

Offered by Highmark Blue Cross Blue Shield, SmartShopper saves money and helps you earn rewards when you have routine medical procedures and tests.

How it works

1. SHOP

by phone or online

2. GO

to a cost-effective, in-network location you choose

3. EARN

\$25 or more in rewards

Why SmartShopper?

- Prices for the same in-network, high-quality procedure can vary dramatically between locations
- SmartShopper lets you compare convenient, in-network locations and choose the best option
- You save money out-of-pocket and earn a share of the overall savings as a reward
- It's easy to shop online or with a Personal Assistant, who can also schedule your procedure

98% of SmartShoppers would recommend this program to a friend or co-worker.

2019 Survey of SmartShopper Users

Call the SmartShopper Personal Assistant Team at 1-866-285-7475.

Call the SmartShopper Personal Assistant Team Monday through Thursday from 8 a.m. to 8 p.m. and Friday from 8 a.m. to 6 p.m. ET.

The SmartShopper program is offered by Sapphire Digital, an independent company. Incentives available for select procedures only. Payments are a taxable form of income. Rewards may be delivered by check or an alternative form of payment. Members with coverage under Medicaid or Medicare are not eligible to receive incentive rewards under the SmartShopper program.

Prices for medical services are provided for illustrative purposes only and may not reflect current/actual pricing in your geographic region.

Insurance or benefit administration may be offered or provided by Highmark Blue Cross Blue Shield or by Highmark Choice Company, both of which are independent licensees of the Blue Cross and Blue Shield Association. Health care plans are subject to the terms of the benefit agreement.

The Claims Administrator complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.

IT'S YOUR PLAN. NOW IT'S YOUR CHOICE.

Now you decide which major national retail chain you want in your pharmacy network: **CVS Pharmacy or Walgreens.**

Welcome to your new Express Scripts® prescription plan that gives you the flexibility and control to create the pharmacy network that's right for you.

Now you and each of your covered family members can choose which major national retail pharmacy chain you want in your network: **CVS Pharmacy or Walgreens.** The major chain you choose will remain your choice for the year, and the other chain will be considered out of network.

Regardless of which major chain you select, you can still:

Choose to fill prescriptions at any of the over 55,000 other in-network pharmacies

Choose to fill a three-month supply of long-term medications instead of three one-month supplies and save money

Choose home delivery from Express Scripts® Pharmacy and save time

How to select the major national pharmacy you want in your network:

1. To get you started, we've assigned you and your covered family members to either CVS Pharmacy or Walgreens, based on which you've used most often in the past. But the ultimate choice is up to you.
2. To see – or switch – your selection, log on to express-scripts.com, go to “Account” and then “Pharmacy Preferences.” Any changes you make will be updated in approximately 24 hours.
3. During the year, if you move or have another life event and need to change your selection, please call us at 1-800-555-3432.

Express Scripts is available to help if you have any questions or need assistance making your selection. Call 1-800-555-3432, 7 days a week 24 hours a day. TTY users, call 800.716.3231.

FREQUENTLY ASKED QUESTIONS

What's changing?

For the first time, everyone in the plan will get to choose which national pharmacy chain they want in their pharmacy network: either CVS Pharmacy or Walgreens. Everyone will continue to have access to over 55,000 other retail pharmacies, including other major chains as well as independent and regional pharmacies.

Who is impacted?

You and each of your covered family members on your prescription plan will get to choose which national retail chain they want in their pharmacy network, either CVS Pharmacy or Walgreens.

Why does everyone in my family have to choose between either CVS Pharmacy or Walgreens?

You may find that you all want to choose the same pharmacy, and that's certainly OK. But we recognize that you each may have different needs. For example, a college student living away may not have one of the chains close by, so giving you this flexibility to customize by family member makes it easy for everyone.

When do I need to make my choice?

On day one of your plan, we've assigned you and each of your covered family members to either CVS Pharmacy or Walgreens, based on which you've used most often in the past. If you are good with the selection, you don't need to do anything. If you want to switch, you should do it now.

Why the change?

Research shows that most people use only a handful of different pharmacies to fill their prescriptions. Having unlimited choice of national pharmacy chains when you only use a few can drive up the cost of your plan. It's like paying for unlimited channels on your television plan when you only watch a handful of them. By giving you a choice of either CVS Pharmacy or Walgreens, we're helping to bring down health care costs – while still giving you the control to choose the “go-to” pharmacies you want and trust and that work best for you and your family.

Does this mean I always have to use either CVS Pharmacy or Walgreens to fill my medications?

Absolutely not. You can choose to fill your prescriptions at any of over 55,000 in-network retail pharmacies across the nation. Now you just choose to include either CVS Pharmacy or Walgreens as one of your options. To see a full list of network pharmacies and locations available to you, go to express-scripts.com.

What if I don't plan on using CVS Pharmacy or Walgreens during the year?

Even if you don't think you'll use CVS Pharmacy or Walgreens, we encourage you to choose one anyway. Having one of these large, major national chains available to you as an in-network option could be important to you if you find yourself in need of medications while traveling and away from your usual pharmacy.

I already use Walgreens as my go-to pharmacy for all my medications. Do I still have to choose?

No, you don't need to take any action. We've automatically set your choice as Walgreens to stay in-network, and CVS Pharmacy will be out of network. Conversely, for people who already use CVS Pharmacy as their go-to pharmacy, CVS Pharmacy stays in-network and Walgreens will be out of network.

What happens if I pick CVS Pharmacy, but my family moves and there is no CVS location near me?

If you move or have another life-changing event and you would prefer to switch from CVS Pharmacy to Walgreens (or vice versa), you can make that change online at express-scripts.com (or by phone) and the change will go into effect in about 24 hours.

Can I still get a three-month supply of my long-term medications?

Yes! It's a great way to save time and money. You can get a three-month supply of medications at the national chain you choose or choose from multiple other pharmacies in your network, including Express Scripts® Pharmacy. To see all your options, go to express-scripts.com.

PREVENTIVE CARE

The bottom of the page features a decorative graphic consisting of several overlapping triangular and quadrilateral shapes in various shades of green, ranging from a dark forest green to a light, pale green.

AN OUNCE OF PREVENTION

SAVES YOU CASH AND KEEPS YOU HEALTHY

Preventive care helps you stay healthy by checking for health problems early when they are easier to manage. Your GuideStone® medical coverage offers a wide array of preventive care services with no out-of-pocket costs to you!

All you have to do is follow your plan's Preventive Care Schedule to receive services such as:

- Annual checkups for adults
- Cancer, diabetes and blood pressure screenings
- Mammograms and well-woman screenings
- Immunizations for children and adults
- Prenatal and fetal screenings
- Routine checkups for infants, children and teens
- Developmental screenings for toddlers
- Special preventive services for at-risk individuals

Find out what's covered in your plan's Preventive Care Schedule by visiting [GuideStone.org/PreventiveSchedule](https://www.guidestone.org/PreventiveSchedule).

For answers to frequently asked questions about preventive care, go to [Help.GuideStone.org/PreventiveCare](https://www.guidestone.org/PreventiveCare).

PLAN YOUR CARE AND SAVE YOUR CASH

Your GuideStone health plan includes a robust schedule of preventive care services.

Here's a simple five-step plan for accessing them.

1. FOCUS ON THE PREVENTIVE CARE SCHEDULE

- Download your Preventive Care Schedule by visiting GuideStone.org/PreventiveSchedule.
- Review the services available to you based on your age and gender.
- Get paid to shop for your preventive care mammograms and colonoscopies. Learn About [SmartShopper®](#).

2. STAY IN YOUR NETWORK

- Access provider information at GuideStoneHealth.org.
- Follow the “Find Care” tab to find in-network health care providers in your neighborhood.

3. SCHEDULE AN APPOINTMENT

- Tell the provider you are coming in for preventive services.
- Bring a copy of your *Preventive Care Schedule* with you.

4. PLAN FOR FOLLOW-UP

- Schedule follow-up appointments if necessary.
- Understand that any treatment administered in subsequent appointments will be subject to your standard coverage rules, not the *Preventive Care Schedule*.

5. MONITOR YOUR EXPLANATION OF BENEFITS (EOB) STATEMENTS

- Review your statements when they arrive.
- If there are any issues, work with your provider or contact Quantum Health to assure the procedures were submitted with the accurate information.

What's the difference between preventive care and diagnostic visits?

HELPFUL PLAN TIPS:

Premier and Choice Dental Care Plans

- The Premier Dental Care Plan and the Choice Dental Care Plan both allow you to use any provider and receive benefits. However, the plans also allow you to take advantage of cost savings through Cigna’s Dental PPO network.
- An annual maximum in-network benefit is either \$1,500 (Premier) or \$1,200 (Choice). The out-of-network annual maximum benefit is either \$1,200 (Premier) or \$1,000 (Choice). Once the plan has paid the annual maximum for the year, you will be responsible for 100 percent of the costs for your dental care for the rest of that year. This maximum benefit is for each family member covered by the plan.

Cigna Dental Care DHMO Plan

- With the Cigna Dental Care DHMO Plan (not available in all areas), you must select a primary care provider or dental office in the Cigna Dental Care Access Plus network to receive benefits.
- One of every five dentists is in both the Cigna DPPO and Cigna Dental Care Plus networks. There are more than 31,000 dentists in 40+ states and growing. It has a lower monthly premium with predictable costs based on the Patient Charge Schedule.

To find a PPO or HMO dental network provider in your area, visit [Cigna.com](https://www.cigna.com) or call **1-800-CIGNA24**.
